# Space Station Spin

As a partial owner of the recently completed Gemini Mining Station, increase your profits by bidding on new construction to attract workers and visitors. But only \*your\* quarter of the station counts for income and scoring. If you get outbid, well, no one will notice if the outer ring spins just a little...

Each turn all players proceed through 3 phases:  
(1) Collect income, (2) Bid on available tiles,  
(3) Purchase actions to spin the board, draw goal cards, score goals, or manipulate tiles on the board. Keep track of your income for both bidding and purchasing actions, and remember, the player who can attract the most visitors wins the game!

## Features

- Rotating Game Board
- Sequential Bidding & Action Selection
- Chaotic Tactical Play
- Varying Player Order
- Individual Goals

## Components

- 1 Round Game Board
- 1 Score Tracker Board
- 30-40 Goal Cards
